*"You did a great job this semester Dr. Fala, thanks for the fun and interesting discussions and congrats on the Ph.D!"*

*"What I believe the instructor does well is provide plenty of examples to understand the topics in question as well as challenge the students with the use of derivations."*

*"The instructor was great. She demonstrated a great interest in the subject, and put effort in to each and every student, and making sure that they feel comfortable and enjoy the class."*

*"She is very fun and open to an interactive lecture"*

*"She is a fun loving instructor and engages students really thoroughly."*

*"Really energetic and motivated to teach us, could tell she felt passionate about the content. Made the lectures fun and entertaining and made the class atmosphere feel more relaxed and less like a normal college lecture. Actively encouraged engagement in the class and got to know all students, which helped with keeping the atmosphere more relaxed"*

*"Nicoletta has personally been my favorite instructor so far as she does an excellent job delivering the material in a way the students and myself can understand. She also interacts well with everybody individually and always is eager to help us all learn. Her passion for this field shows through her lecturing and it was an exciting semester!"*

*"Nicoletta is the best!!! So happy she will continue to be working at Purdue even though I will have to go all the way to the airport for office hours."*

*"Nicoletta was very engaging while teaching and kept the class fun and interesting."*

*"Nicoletta made the class interesting and fun, it was a good experience."*

*"Inspires enthusiasm for aviation and aeronautical engineering. Helps us learn about real life applications for our knowledge, and teaches us about past aircraft. Kind, funny, and incredibly knowledgeable. Everybody feels comfortable going to her for advice and assistance. Genuinely cares about every single student. Because of this instructor, I am considering going to grad school and also potentially getting a pilots license."*

*"I very much enjoy Nicoletta's enthusiasm"*

*"I loved how you stayed engaged with the students. It really made a connection between us and made me want to come to class and learn more. *"Fala is a really good instructor."*

*"Dr. Fala is what made this class for me, she is original and engaging in her approach to the class material. I don't recall being bored or not engaged throughout the whole semester, and felt like I was learning for the whole hour and 15 minutes each class. She was very helpful to all students and the benefit of a smaller class size led to closer learning engagements that I think helped me. The TA Sam was also very helpful in class and office hours."*

*"Dr. Fala did an amazing job this semester. I always looked forward to this class because the material was extremely interesting and finally something I looked forward to learning and putting thought into. Dr. Fala was always enthusiastic and extremely helpful. If I had a question to ask after class she would always take the time to try and explain and if she didn't have an immediate answer she would look into it and get back to me by the next class. Dr. Fala is one of the leading reasons why I liked this class so much."*

*"Best Professor Ever"*
